

Making flashcards in PowerPoint:

I WANT TO CREATE ONE SIDE AND WRITE ON THE OTHER SIDE.

Create one side of each card consecutively from slide-to-slide.

Choose to print Handouts with 3 slides.

Cut the printed pages into horizontal strips then fold them in half to create the 2-sided flashcard.

I WANT TO CREATE BOTH SIDES OF EVERY CARD IN POWERPOINT.

Create your cards from front to back consecutively (e.g. slide 1 front of first card, slide 2 back of first card, etc.).

Choose to print 6 Slides Horizontal.

Cut the printed pages into horizontal strips then fold them in half to create the 2-sided flashcard.
